DP5 Mirage

Setting new standards for 2D barcode rack readers

Features

- The most compact camera-based 2D rack reader available

- Low profile allows use on robotic liquid handling systems

- Innovative and unique patented reading technology

- Reads all current, commonly used, SBS format racks

- Economically priced

Easy to set-up and easy to use

The DP5 Mirage 2D reader offers easy, out-of-the-box set up and is delivered pre-calibrated and ready to read.

This instrument can read all commonly used racks in the SBS format, and its low profile means that it can be easily added into liquid handling platforms and other automation systems.

The low profile and economic price makes the Mirage the perfect replacement for a traditional flat bed scanner.
